JASKO - Driver Road Test Evaluation

Form JASKO-HR-F01 · Section 5 — Orientation & Training · Owner: Safety / Qualified Road Test Examiner

Rev. 2026-10-13

JASKO requires an actual, documented road test for every new company driver, regardless of experience, during orientation and before independent dispatch. Federal regulations (49 CFR §§ 391.31–391.33) permit certain equivalents; JASKO's road test is a stricter company standard and is not waived by equivalent documentation.

TEST INFORMATION

Driver name		**CDL no. / state**	
Examiner name		**Test date**	
Power unit (unit no. / type)		**Trailer type**
